

Girl students visit NITK under Vigyan Jyoti Programme

The National Institute of Technology - Karnataka (NIT-K), Surathkal, the NIT-K Science and Technology Entrepreneurs Park (STEP), in partnership with Jawahar Navodaya Vidyalaya, Dakshina Kannada, organised the Vigyan Jyoti Programme sponsored by the Department of Science and Technology of the Union government on Wednesday. The initiative seeks to improve the scientific temperament of young girls and encourage them to pursue varied fields of science and technology. Students visited NIT-K's Centre for Research Capabilities (CRF) to learn about the research facilities available. They visited the bio-waste recycling plant and the Centre for System Design (CSD).
